## **Safety Summer Day at the Florida City Home Depot**

### **Save up to \$10 at the Florida City Home Depot during Safety Summer Day**

**Florida City, Florida, July 26, 2020** – Mark the calendars everyone, on Sunday August 16, 2020, the Florida City Home Depot will be having a Safety Summer Day to promote safety, health, and wellness during the Covid-19 pandemic at 10 am. This special event will provide the consumer (ages 16 and older) with a one-time Home Depot eco-friendly bag filled with a non-medical grade face mask, a small bottle of HDX hand sanitizer, and an essential coupon of \$10 off a \$50 purchase.

“Every day since this pandemic has started it has been a struggle for our associates and consumers. The Home Depot has provided us, the associates, with the necessities we need to protect ourselves during these uncertain times. I am happy to help the consumer with a much-needed financial break and some safety essentials,” Ivy Arencibia, Merchandising Execution Associate Supervisor and Voice of Associate Committee President says.

The Atlanta-based home improvement retailer has implemented a lot of safety measures since the start of the Covid-19 pandemic. Closing stores early, to limiting the number of consumers allowed inside at one time, to promoting social and physical distancing, are just a few changes that this company has instituted.

“A limited number of eco-friendly bags with a \$10 off of \$50 purchase coupon will be distributed on Sunday, August 16<sup>th</sup>, seeing that there is still a shortage of the non-medical grade face masks and hand sanitizers due to the high number of Covid cases. We will be focusing on the safety and needs of the consumer like normal, ensuring that they get their essential home
